Annual Report 2018: Site Guadalupe Family, Solidarity & Development Foundation Bolivia, Latin America

Education

Achievements

1. 618 children of school age have all the school supplies requested by their educational units
2. 2 young women joined the "Hope for my Future" Program and are studying at university.
3. We have 2 young people studying in the program for Automotive Technician, who will soon finish their second year

Goals

1. Increase the number of young people who, after finishing high school, keep studying a technical or university degree.
2. Motivate families to give priority to their children's education.

Nutrition

Achievements

1. All families prioritized the purchase of staple food with the DFF.
2. Food bags were delivered to 15 vulnerable non-sponsored families in the community.

Goals

1. Motivate mothers to prioritize the purchase of nutritious food.
2. Raise awareness among families about the importance of a nutritious and healthy diet.

Health & Hygiene

Achievements

1. Sponsored children have all their vaccines thanks to the guidance provided to sponsored families on how to access the state health system

FASDE
Fundación Familia Solidaridad y Desarrollo

2. 129 sponsored young women, scholar holders of the "Hope for my Future" Program and students of the Achocalla Educational Unit, benefited from the "Pink Pad" Health Campaign with the delivery of sanitary napkins-
3. All sponsored children and their families were adequately protected from the cold winter and there was a decrease in lung diseases of the season, thanks to the purchase of warm clothing.

Goals

1. Promote that families know their rights to access and treatment in public and private health services.
2. Keep distributing sanitary towels to girls and young women in the community-

Community

Achievements

1. 20 parents were trained in marketing, sales, administration and finance and developed their own business plans.
2. All families are motivated to participate in the monthly meetings of Chalice Family Circles, as well as attending the community Mass in our parish.
3. The community responded with solidarity and all the families, without exception, made their own contributions to support the Bustamante family to cover medical expenses because of a serious accident suffered by one of the daughters of this family. Additionally, the young people of the community organized themselves and made a raffle to be able to contribute also to the recovery of Patricia Bustamante

Goals

1. Inform families about their basic rights and empower them to live a life free of domestic violence.
2. Implement again the community project Business for Life.

Family

Achievements

1. Thanks to delivering toys to 590 sponsored children, the children of the community have not to go out on Christmas Eve to ask for gifts in the streets, putting their safety and physical integrity at risk.
2. 6 mothers received seed capital to either start or continue their small businesses.

FASDE
Fundación Familia Solidaridad y Desarrollo

3. The number of families committed to the Catholic faith increased, with the participation of their children in First Communion, Confirmation and as altar boys in the liturgical celebrations.

Goals

1. Form families capable of sustaining themselves and providing their children with a dignified life.
2. Increase the number of families committed to the church.

Direct Family Funding / Group Circles

Achievements

1. Given the increase in the number of sponsored children, 1 new family circle was created.
2. 319 bank accounts were opened and mothers were trained in the use of automatic teller machine (ATM)
3. Most of the mothers who had delinquent accounts in the financial system managed to cancel these debts or are in the process of being paid, thanks to the better management of their budget.

Goals

1. Ensure that all new families have bank accounts.
2. Continue to provide financial education to sponsored families for them to manage their family Budget, thus generating small savings that allow them to have greater hope for tomorrow.
